Customize the Fund's direction

We Make it Simple for You to Support Students

Establish your Fund and gift initial contribution.

Work with CFF to establish scholarship criteria

You'll receive annual updates on scholarship recipients.

How is scholarship criteria established?

CFF is able to assist you with the creation of criteria for the Education Fund. Scholarships are awarded to students based on area or field of study, merit, financial need, academic achievement and/or other criteria that does not conflict with law or policy. CFF must design and agree to special award conditions established by the donor for this reason.
